- ☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

## FORWARD-LOOKING STATEMENTS

This Current Report on Form 8-K (the "Current Report") contains forward-looking statements that involve risks and uncertainties. Forward-looking statements in this document include, among others, statements regarding our capital needs, business plans and expectations. Such forward-looking statements involve assumptions, risks and uncertainties regarding, among others, the success of our business plan, availability of funds, government regulations both in the United States and internationally, if applicable, operating costs, our ability to achieve revenues, our business model and products and other factors. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may", "will", "should", "expect", "plan", "intend", "anticipate", "believe", "estimate", "predict", "potential" or "continue", the negative of such terms or other comparable terminology. In evaluating these statements, you should consider various factors, including the assumptions, risks and uncertainties set forth in reports and other documents we have filed with or furnished to the Securities and Exchange Commission (the "SEC"). These factors or any of them may cause our actual results to differ materially from any forward-looking statement made in this document. While these forward-looking statements, and any assumptions upon which they are based, are made in good faith and reflect our current judgment regarding future events, our actual results will likely vary, sometimes materially, from any estimates, predictions, projections, assumptions or other future performance suggested herein. The forward-looking statements in this document are made as of the date of this document and we do not intend or undertake to update any of the forward-looking statements to conform these statements to actual results, except as required by applicable law, including the securities laws of the United States.

Unless otherwise indicated, in this Form 8-K, references to "we," "our," "us," the "Company," "Innocap" or the "Registrant" refer to Innocap, Inc.

### Item 8.01 Other Events.

The Company has entered into a Memorandum of Understanding with PT. PARADIGMA PUTRA SEJAHTERA, located in Jakarta, Indonesia. The purpose of the Memorandum is to describe the duties of potential salvage projects in Indonesia. The salvage projects under discussion involve the search for and recovery of Chinese porcelain from the Ming and Sung Dynasty and plans to assist in forming an alliance with the Indonesian government that is necessary to pursue these projects.

Over the centuries trading in Chinese porcelain flourished and, as a result, many ships and their cargoes were lost at sea. With modern technology combined with experience in reclamation projects, certain of these ships and cargoes can be located and excavated.

The market for ancient Chinese porcelain is going through resurgence in interest in many parts of the world. This resurgence, in the opinion of the Company, has created a favorable market for these pieces in the United States and Asia.
